

The Dogstar Adoption Process

1. Carefully consider your resources and desire to adopt a pet. The rewards of pet ownership are great, but dogs and cats require time, money, and commitment.
2. If you have a pet in mind, fill out our dog walking waiver or visit each other in our shop.
3. If you have questions – please ASK us!
4. Thoroughly fill out our application (online or in store).

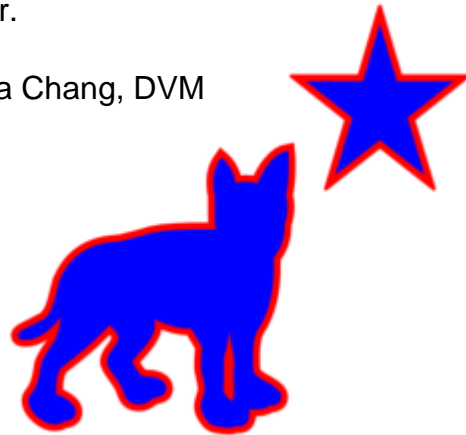

Upon approval of your application, you will sign a foster agreement and pay in full the adoption fee (refundable if it doesn't work out). You then get to take your new buddy home and share a one week trial. During this week-long trial, we will loan you the necessary initial pet supplies.

*If the animal still needs medical attention (spay or neuter), we will not foster it until AFTER the procedure and reasonable healing time.

If you and our adoptee are a match, you will sign the final adoption contract (please bring the pet in). Upon completion, we will guide you in making the right food, toy and supply purchases for your pet. Proof of leash, collar, id tags and food are required before leaving the premises.

All of our pet adoptions include:

- 15% OFF initial retail purchase at Dogstar.
- First half day of daycare, free!
- Free Wellness Exam by Vet To Pet, Laura Chang, DVM
- Advice and support from Dogstar
- Avid Microchip
- Initial Vaccinations
- Flea Treatment
- Deworming Treatment
- FeLV/FIV Tested
- Spay or Neuter

You will need to have your pet licensed by the appropriate county. For Multnomah County, please go online: <http://www.co.multnomah.or.us/dbcs/pets/eLicRenewal.shtml>.
